We are here for your pets needs

We know how hard it can be to leave your pets when you go out of town. Here at Taylor Vet we give your pets the care and attention they need so they feel as comfortable here as they do at home. While you are away, there are trained staff here 24 hours a day so your pet is never left alone. This also means you can call any time to see how your pet is doing. We have the capability of caring for dogs and cats of all sizes. If your pet is on medication, don't worry. Our trained technicians are here to administer whatever medications your pet may need.

We have staff specifically for our boarders who are here twice a day to care for them. Your dog will be going out to our large outdoor run twice a day for playtime and exercise.
